The present average rate for the city is 189, and it was 1.79 last year. This would amount to an increase of thirty-five points within two years.

LOW-BROWS BACK DOWN Will Let Cummins, Former Banker, Stay "Mayor."

Insurgent leaders of the "low-brow" political party in Sing Sing prison, headed by Boscoe Lynch, after canvassing the situation, found yesterday they lacked fifteen votes to carry their plan to impeach "Mayor" W. J. Cummins, former banker, and abandoned the move.

When Cummins was elected by the "high-brow" party in the convention he

When Cummins was elected by the "high-brow" party in the convention he won by a margin of one vote over Lynch. The "low-brows," dissatisfied over the elevation of Judge William Willett and the lack of appointments to them, talked of invoking the recall and took a straw vote. The canvass showed that "Mayor" Cummins, by wielding patronage, had increased his strength so he has 35 out of 55 delegates behind his administration.
